

Stand Up  
and be Counted!

Due to COVID restrictions, the VENC Annual General Meeting (AGM) is being conducted electronically so we encourage your virtual attendance. If you have already cast your votes, thanks! If not, here is a link to the voting system: [click here](#) The deadline for voting is midnight June 20th, but the sooner the better! Results will be announced in the Summer Quarterly.

We need to count total participation as well as votes for individual agenda items. Most votes require a simple majority while the bylaw change requires a more complex calculation. The best approximation of 'number of people in attendance

at the AGM' is the total number of individuals who register to vote. As such, please use the above link to be counted.

If you need to review the Agenda items before voting, please see the items listed in the [AGM Discussion Forum](#) on the VENC website.

Nominations for VENC Executive positions closed May 16<sup>th</sup>; unfortunately, the electronic AGM format cannot facilitate nominations from the floor. As such, the AGM Agenda shows some vacant positions. However, the VENC Executive is still recruiting and delighted that volunteers are stepping forward to help us get the Club rolling.

The Activity Group Leaders are working behind the scenes to start up again, guided by the steps in the BC Restart programme. Plans are also in motion for a Holiday Dinner in December.

Stay tuned for another Bulletin at the end of June to update you on volunteer appointments and the VENC restart.
