

Membership Extension

The COVID-19 pandemic is impacting you personally and our Club. The Executive met by Zoom to consider how to conduct essential Club business in the absence of a physical AGM meeting.

During the latter half of May, we will be sending you an AGM email containing several motions, followed soon after by an invitation to vote on those motions. The deadline for voting returns will be four weeks later.

In these exceptional circumstances, the Executive has decided to waive annual membership fees for 2020/2021 by extending the membership of all current members to August 31, 2021. Our aim is to retain all of our members through this challenging time so that, as restrictions are slowly lifted over the coming months, you can gradually start enjoying your usual Club activities as they resume in accordance with evolving Provincial Health Orders. So, there will not be any renewal process this

summer. However, if you want to change Activity groups, feel free to log into your profile and select the group(s) that interest you.
